Speedy Publishing LLC : Connect The Dots: Play and Learn Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Connect The Dots: Play and Learn Edition:

0 of 0 people found the following review helpful. Four StarsBy Ted Smitha gift for my great grandkids and they really enjoy that kind of book.

The dot-to-dot activities found in this book can be used for personal, professional and non-profit uses. Connect the dots helps your child improve his hand-eye coordination, number and picture comprehension and thinking ability too! The best thing about these games is that you don't have to force your child to play. They're enjoyable, interactive and highly beneficial. What more could you ask for?
