This book makes me want to stencil everything in sight,0 of 0 people found the following review helpful. This was a grand SurpriseBy JOWensBetter than I exspected. Loveeeeeeeeeeee it. This will be a really great fun book to make all kinds of pretties in and for my house.1 of 1 people found the following review helpful. Excellent value and stencilsBy DanGThis book is great - it includes many tasteful stencils that would otherwise cost a lot of money. It also serves as a good source of tips and project ideas. Stencils are on thick stock coated paper and appear strong enough to last for many craft sessions. The color ideas include specific paint names which make it easy to find the matching paints at an art or craft store if you want to achieve the exact effects in the book.

From individual accessories to complete room themes, this comprehensive reference offers simple and beautiful stenciling projects to enhance every room in the house. Features full-color photographs, step-by-step instructions, and everything you need to get started, including: - Punch-out four-color stencils for every project - Designer tricks of the trade - Creative project variations - And more! Sure to add country warmth to your home!
