Kelly Henderson, Ann Snuggs, Grace Taormina : Creative Crafting With Ribbons before purchasing it in order to gauge whether or not it would be worth my time, and all praised Creative Crafting With Ribbons:

1 of 1 people found the following review helpful. Many Uses for Pretty Ribbons By Virginia Allain Over the years, I've accumulated shelves full of vintage ribbons and lace, but hadn't figured out what to use it for. I was delighted to find this book with a wide variety of projects. Some use fabric, but others are paper projects using ribbon. With ribbons, you can decorate a desk set, a hatbox, a journal, a pillow, etc. Add ribbon flowers to a picture, notecards, a tea cloth, a bookmark. The book tells you how to make a folding screen crisscrossed by ribbon, pretty up a trinket box, and other projects. Each of the four contributors has a section featuring their projects and their special style with ribbon work. I'd never thought of stamping on ribbons. Lots of fun ideas in this book!

This lavish bouquet of ribbonwork projects use a variety of wonderful techniques. Tie, knot, sew, press, dye, and transfer ribbon for gifts and decorations. Cutout patterns, illustrations, and tool basics make it simple! Embellish a woodwork cat with bows and tea-dyed ribbon. Create ribbon-adorned pillows, samplers with ribbon and pressed flowers, stamped and beribboned photo albums, even a ribbon wedding cake! 128 pages
