This compact compendium of 20 cross-stitch charts uses a limited and identical palette of threads for each project. There are 20 circular designs in the book, and each of the patterns is accompanied by a full-color and symbol chart for 14-count Aida or 28-count evenweave linen. Each design concentrates on a flower or a floral group that captures the very essence of the shapes and colors of the plant. The designs include seasonal wreaths, vases and jugs brimming with color, gardens with lovely cottages and birds, flowers in a landscape, and single beautiful blooms. Each project re-

creates a little bit of nature.
