**Alfred Dittert, Fred Plog : Generations in Clay Pueblo Pottery of the American Southwest** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Generations in Clay Pueblo Pottery of the American Southwest:

0 of 0 people found the following review helpful. This is one of the better books' for general pottery classification around. By Kelly This is one of the better books' for general pottery classification around. It has good examples of Southwest Pottery. Well Written with detailed description of most well known types. 0 of 1 people found the following review helpful. Pueblo Pottery By Robbin Randolph The book is well written, informative, it provides detailed background information and a historical perspective on Southwest pottery. Perfect if for art history buffs, not necessarily a book a wood recommend to potters.

Introduction by Patrick T. Houlihan. Color and black/white plates. Maps. Glossary. Bibliography. Covers nearly 2000 years of Pueblo pottery-making in the American Southwest. 150p. Measures 9.5x8.75 inches.
