**Yoshiko Tsukiori : Girly Style Wardrobe** before purchasing it in order to gage whether or not it would be worth my time, and all praised Girly Style Wardrobe:

It assumes,however, that you are at least an intermediate seamstress. Assembly instructions are minimal and it assumes that you know how to ease a seam, clip curves, how to sew a front to a back and so forth.The only hard part is the tracing of the patterns- all 20 or so patterns are superimposed over each other, in all sizes, on one sheet of paper.... like cooked spaghetti on a page. But, once you get past that point it is amazing and wonderful. The fit is great and the sewing is relatively simple. This is the best \$20 or so that I have spent on fashion for young girls. Really fashion and really beautiful.1 of 1 people found the following review helpful. Great book but the patterns are very hard to find ...By Jodie Jee GottschalkGreat book but the patterns are very hard to find as they all overlap. But once I was able to find the one I was looking for it turned out great!0 of 0 people found the following

Here Yoshiko Tsukiori turns her attention to clothes for little girls. She offers a complete wardrobe of 28 pieces from smart dresses to smocks, trousers and even a parka. Also included are a cute cap, clasp purse and drawstring bag, which are bound to delight their owners. She doesn't neglect the details bows, pin tucks, patch pockets and lace edging make gorgeous extras. As children's clothes should be, these designs are comfortable and practical to wear as well as pleasing to look at. The designs are based on unfussy shapes, straightforward sewing techniques and a minimum of pattern pieces, making them easily adaptable for use with different fabrics or in longer or shorter lengths. Comprehensive instructions, with step-by-step diagrams, are included, together with a full-scale paper pattern in five sizes (covering roughly ages 3 to 10).

About the Author Yoshiko Tsukiori is a graduate of Joshibi Junior College of Art and Design. She worked for a variety of clothing companies before establishing herself as an independent sewing designer. Her expertise ranges from babywear and children's clothing to womenswear.
