They are nice enough projects to make as gifts or sell at the church bazaar.The book comes with patterns in an envelope glued onto the inside of the back cover. It's rather charming and a nice book to have around. I like the way it has a nicely decorated glossy hard cardboard cover over a spiral spine. That makes it easy to open and lay flat if you want to look at it as you're working on a project.The glossy finish on the cover

protects it from staining if you want to share this book with friends over an afternoon tea date and you have sugar cookie dust on your fingers. It will wipe clean in a jiffy. 3 of 3 people found the following review helpful. I LOVE it!! Couldn't give it away! By Ms MMacI initially ordered this book for a friend. But when I received it I was so excited with many of the projects, I decided I just had to keep it for myself! Of course I will share it with her.... There is such a variety of ideas...something for everyone. Some of the projects are simple and others are more challenging, but all the directions and patterns are very clear and easy to understand. I am quite sure I will be making almost all of these projects. And what great gift ideas! Can't wait to get started with them. :-)

About the Author In 1984, Gooseberry Patch cofounders Vickie and JoAnn were next-door neighbors, two moms with small children looking for a way to do what they loved home cooking and making memories with family and friends and stay home with the kids too. After many conversations over the backyard fence, Gooseberry Patch was born. They put together their first catalog at their kitchen tables, and from that very first mailing found an immediate connection with many of their customers. It wasn't long before they began receiving letters, photos, and recipes from their new friends. In 1992, they put together their very first cookbook compiled from hundreds of those recipes, and the rest, as they say, is history. Today, Gooseberry Patch is best known for their home-style, family-friendly cookbooks, now recognized as national bestsellers. Vicki and JoAnn both live in Columbus, OH.
