Sy Chen : Green Origami Gifts before purchasing it in order to gage whether or not it would be worth my time, and all praised Green Origami Gifts:

0 of 0 people found the following review helpful. Just OkayBy Ruby IndianaThe instructions aren't as clear as some other Origami I've tried, but I only have used the \$\$ symbols so far.0 of 0 people found the following review helpful. Five StarsBy R. LittleGift9 of 10 people found the following review helpful. DissatisfiedBy CustomerA nice selection of models but the diagrams are not up to my expectations. Although I'm not an expert I can usually figure out how to put these models together. In this case there are a number of models I simply cannot complete.

Origami master Sy Chen shares his passion of dollar bill folding through 35 of his own origami designs. Ranging in difficulty from simple to intermediate, he combines basic folding techniques and the unique dollar bill pattern. The texture of the money adds a distinct flavor to each model. Multiply your money by folding paper money into money

figures. Put the dollar bill to practical use. Turn money into creatures or awards that can be given as gifts. Save your money and fold it into something magical. The pleasure is priceless.
