You've Got Questions...We've Got Answers!They may be straightforward or complex, theoretical or practical, but if you're an Amateur Radio operator, it's inevitable that you'll have questions.The good news: We have the answers!The ARRL Lab's Technical Information Service and "The Doctor" have been answering hams' questions for nearly eight decades. This book is a compilation of actual questions submitted to TIS staff on: Antennas Station setup and operation Mobile and portable operation Batteries, and GroundingIn addition, there is a References chapter with all kinds of useful information--the names and addresses of parts and kits suppliers, lists of essential tools, how to attach connectors--and much more.
