Susan Alexander, Taffnie Bogart : Handmade Clay Crafts: Decorative Techniques Projects before purchasing it in order to gage whether or not it would be worth my time, and all praised Handmade Clay Crafts: Decorative Techniques Projects:

2 of 2 people found the following review helpful. Fun and helpfulBy J. SmithI've enjoyed the book and looking forward to starting some of the projects. They are simple to do and look good. The instructions are great and plenty of pictures. I really like that this book doesn't have a gallery of other artist's items, like so many other clay books. This is much more focused on the average person interested in creating nice ceramic items than a potter looking for new techniques, but each project teaches techniques you could use on any item.I like it because it is straightforward and I don't get overwhelmed with all the possibilities!0 of 0 people found the following review helpful. This is a fun book.By CustomerThis is a fun book.0 of 0 people found the following review helpful. Four StarsBy CustomerOkay ideas.

If you can roll, press, cut, and mold clay, youve got the required basics. To do the rest, just let your imagination soar!

Bright, colorful pages filled with captivating jewelry, pottery, buttons, and baskets. Choose paint or glaze colors and select a clay. Make flower-decorated pins, lacy tiles, glazed cross boxes, and more.
