One proud momBy Cheryl BurkhardtIf mom's are allowed to write a review, I would like to encourage other moms to work with their kids and help them achieve their dreams and goals in life. I am very proud of Joshua, and how far he has come in the 3 years he has been sculpting and teaching others. Joshua's book is excellent in design, lay-out, color, and easy to understand instructions for kids and adults. Joshua has even taught kids with learning disabilities to sculpt with wonderful results. If you are an amateur or a pro at sculpting, Joshua's book will be a delight to all who try their hand at his adorable critters.0 of 0 people found the following review helpful.
