Anne Akers Johnson : Hemp Bracelets (Klutz) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hemp Bracelets (Klutz):

2 of 2 people found the following review helpful. Been using this for a decade and a half now By A. Allyson I bought this same book when I was in high school. I now buy it for the little girls in my family. It is the best, simplest guide to a variety of hemp jewelry styles. The best thing about the Klutz books is that there are pictures with every single step. I have never seen that in any other guide. There's always a step or two that absolutely don't make sense without pictures from any other set. This is by far the one and only guide you'll need for hemp jewelry. 0 of 0 people found the following review helpful. Fun hobby. Great instructions By M Have learned how to make these bracelets now and more. The hemp is good quality. The explanations are clear and helpful. The beads are plain and ugly but beads can be bought at , Hobby Lobby, Michaels, Joanne's etc... Love the book!! 0 of 0 people found the following review helpful. I bought this for my niece and was disappointed to see that there are barely any beads included ... By Christal had this exact set when I was young. I bought this for my niece and was disappointed to see that there are barely any beads included - I think I had my own supply of beads when I used this. Other than that, I remember having a lot of fun making these bracelets and hope the recipient does as well.

Simple, super-clear instructions for knotting ten different natural-fiber bracelets, along with 150 feet of hemp and an assortment of beads. The look is organic, casual and altogether cool. Comes With: 150 feet of hemp, assorted beads

Create wonderful things Be good Have fun
