Colin Palfrey : How I Published A Simple Book - And Made \$40 From it Every Single Month before purchasing it in order to gauge whether or not it would be worth my time, and all praised How I Published A Simple Book - And Made \$40 From it Every Single Month:

This guide will show you how to write a book on a subject, knowing in advance that it will sell. It will teach you how to write a book similar to the one I wrote, and have it published as a paperback, without fear of rejection. Knowing it will sell before you start writing it is vital. If you can't write a book, no problem, I'll show you how to get someone else to do it for you. It covers the promotional method I used to achieve an easy \$40 in pure profit a month from just that one book, using only free promotions. I'm also going to show you some other interesting ways of marketing a paperback book, all of which have a proven track records of success.
