Even if you intend never to own a teapot, her creations are delightful and can be adapted to hats, sculptures, far out pillows or stuffed creatures. Her designs are fun and a conversation piece to keep your tea warm and your teapot proud, if teapots could have feelings. It is inspirational and shows that possibilities are endless. A nice book with great ideas. Although the book is a paperback, it is of high quality. 0 of 0 people found the following review helpful. Great ideas! By C. Hansen Gotta love these tea cozy patterns!
